ARROWWOOD, ALTA., MAY 4, 1933

School Fair

A meeting of all those interested in this year's school fair has been called for Friday night, May 5th, at 8 o'clock, at the school. The seeds have arrived but cannot be distributed until the Fair Committee is organized for the coming year. Every one desirous of having the fair continue are urged to attend and voice their opinions.

Baseball Club

Reorganizing for 1933 Season

At a fairly well attended meeting last Saturday night the Baseball Club was reorganized for the forthcoming season. The officers elected to guide the destinies of the Club were:

President—Mr. T. S. Board.
Vice-President—Dr. Llesomer.
Secretary-Treasurer—Mr. H. McCullough.

The matter of selecting a manager was deferred until the players begin to practice, at which time a choice will be made. Those in attendance at the meeting were highly in favor of holding the regular Arrowwood Sports on June 3rd as usual and are making plans to have a tournament on that day with teams from Gleichen, Mossleigh, Queen's town and Arrowwood participating.

The Treasurer reported a very satisfactory financial statement as the result of last year's operations and it is hoped the same may occur again this year.

With the following players in the town and district along with several new prospects, Arrowwood should be ably represented as in former years: Fred Miller, G. Smith, Roy Sharpe, E. Norton, M. Norton, F. Mason, H. McCullough, J. MacLeod, J. Roberts, B. Hales, D. Bowman, M. Bowman, C. Norton and E. Archambault.

Loan of Relics and Antiques Would Be Appreciated

HAVE YOU any interesting relics, antiques or pieces of hand work which you would be willing to loan for exhibition? The Women's Association of Gleichen United Church are planning an Antique Handicraft Mothers Day Tea for Saturday, May 13. They would be most grateful to residents of Arrowwood district for assistance in making the display of such articles as large and attractive as possible. Will anyone interested please communicate with Mrs. James Black or Mrs. G. H. Gooderham, Gleichen.

Norman F. Priestley to Speak at Queenstown Sunday, May 7th

Mr. Norman F. Priestley, President of the U.F.A., will deliver an address in the Queenstown Hall on Sunday evening, May 7th, at 8 o'clock.

Milo Notes

Mrs. A. Ferngrin has just returned from Crossfield where she has been visiting with her daughter, Mrs. O'Neil.

Mr. and Mrs. J. Johnston have been visiting in Calgary the past week.

Mrs. Marsden of Vernon, B.C. is visiting her son Mr. Slim Marsden.

The Competitive Orchestra Dance last Thursday drew quite a large crowd. The money was divided between the two orchestras, saying—Len Davis and Buster Larsen.

Mrs. N. St. Peter was a business visitor in Calgary last Thursday.

Badminton is off for the season. Tennis and horseshoe games are now the order of the day.

Mr. Judd, manager of the Calgary Branch for the Federal Grain Co. was a business visitor in Milo last Monday.

Baseball is well on the way again. The first game of the season was played at the Lake last Sunday afternoon, Norman McLeod made the first home run of the season.

B.Y.P.C. NOTES

On Thursday evening a group of about twenty Young People from the B.Y.P.C. class met at the home of Mr. and Mrs. Lawrence Larsen. From there they proceeded to the home of Mr. and Mrs. Parnell, where a birthday surprise party was given for Miss Ruby Williams. A lovely picture was presented to Mr. and Mrs. Owen Larsen in appreciation for their help in the play. A business meeting took place after which the evening was spent in contests and the working of jigsaw puzzles in which all took an active part.

At midnight a very delightful lunch was served after which the guests dispersed to their various homes.

Horseshoe Club Notes

We can now report the horseshoe court on Railway Ave., opposite Joe Weiss's implements, ready for action. The new horseshoes have arrived and already some of the enthusiasts have demonstrated their prowess at this popular pastime—"Barn yard golf."

We wish to acknowledge the following donations: Cash for the purchase of horseshoes R. H. Bishop, J. Weiss, J. Heskeith, E. Lewendon, Ralph Leonard, C. E. Johnston, and Lawrence Larsen, total collected \$3.00. Lumber for boxes from Revelstoke Sawmill Co.; spikes, Phillips' Hardware; making and setting of boxes, J. O. McHugh and filling for boxes, Bob Anderson, E. Lewendon, J. Heskeith, J. O. McHugh; purchase and delivery of horseshoes, Lawrence Larsen; stakes or pins, Elwood Miller; promoter and acting secretary, J. O. McHugh.

Messrs. A. Ingraham and F. E. Bell were visitors to Calgary on Monday.

Heads C.P.R. Hotels

H. P. Mathews, General Manager, Canadian Pacific Hotels in Western Canada, with headquarters at Winnipeg, has been promoted to the post of General Manager of the Company's hotel system from coast to coast, with headquarters in Montreal, according to a recent announcement by E. W. Beatty, Chairman and President. Mr. Mathews brings a wide experience gained in 35 years of service with the Company, to his new position.

Community Club

Meets at Home of Mrs. J. M. Weiss

The members of the Community Club entertained the mothers and grandmothers at the home of Mrs. J. M. Weiss on Tuesday May 2nd. There was a great number present and all seemed to enjoy themselves to the fullest extent.

The business meeting was short owing to a program which had been arranged. The following taking part:

Community singing by all.
Reading by Mrs. Komper.
Piano Solo, Mrs. Bishop.
Community Song.
Piano Solo, Mrs. Parnell.
Those numbers were greatly enjoyed by all.
A delectable lunch was then served by the hostess, assisted by other members.

Arrowwood Notes

The Jr. U.F.A. will meet at Swastika School on Saturday evening.

R. R. Saunders has just completed a new garage at his home.

A dance under the auspices of the Baseball Club will be held in the school on June 3rd.

The regular meeting of the P.T.A. will be held at the home of Mrs. Gaylen Jones, on Monday evening, May 8th, at 8 p.m.

Echoes from the tall buildings in the west end—High Low, Jack and the Gann, Oil housefeathers! It's your deal.

The U.F.W.A. met yesterday afternoon at the home of Mrs. Mason. A report of this meeting will be published next week.

Miss Verna Ingraham left on Monday for Calgary where she entered the Holy Cross Hospital for training.

A joint meeting of the U. P. A. and the U.F.W.A. will be held at the home of Mrs. E. Williams on Wednesday evening, May 10th.

Mr. S. Parnell arrived in Arrowwood from Detroit and is assisting his brother, L. E. Parnell at the West End Garage.

J. M. Weiss has been appointed local representative for the famous Gutter Percha (tires and tubes) and will have a stock on hand very shortly.

The Women's Association will hold their monthly cooked food sale in A. A. Clifford's store on Saturday, May 6, from 2.30 till 9 p.m.

Mr. E. Ross, of the local bank staff, left Sunday for the Coast where he will spend his holidays. The trip was made by car with a friend from Calgary.

The Brethren Ladies' Aid Aid is meeting today in the church in an all day session and will meet there again next Thursday.

Why pay 60c a pound for Broad Bean Seed when you can get guaranteed seed grown locally by D. J. Beagle at 25c per pound?

Mr. J. B. Hersh, grain buyer for the Pioneer Elevator Company left this week for the north country. Mr. R. Shoultice of Arrowwood, will fill the vacancy left by Mr. Hersh.

The conglomeration given away free at L. H. Phillips' Hardware last Saturday was won by Charlotte Kelly who guessed 2500, the nearest to the correct number, 2453.

The townspeople were roused to heights of excitement Wednesday afternoon about 4.30 when Miss Marjorie Leonard very narrowly escaped serious injuries by a fall with a pony, the pony rearing up falling over backwards onto Miss Leonard. Dr. E. J. Llesomer was summoned and upon examination found that she was suffering from concussion. The pony was removed to her home and at the time of going to press had improved considerably.

Queenstown Junior U.F.A. Local Plans Sport Activities

The recently formed Queenstown Junior U.F.A. local held its regular meeting last Saturday evening, at the home of D. A. Brown, with twenty in attendance.

The Local plans to take part in the Marquis Junior Athletic Association's third annual field day sports, to be held at Lake McGregor, on Saturday, May 27.

Sports committees have been appointed as follows: Baseball, Conrad Solie, Lester Miller; girls' softball, Agnes Rubbelke; Hazel Miller; track and field, George Reay, Harry Mowat. A membership committee was appointed, consisting of Holly Sharpe, Lester Miller and Verna MacLaughlin.

The subject for discussion at this meeting was "Activities of the Junior U.F.A." and five-minute speeches were given by Louise Rubbelke, Bethel MacLaughlin, Harry Mowat and Bob House.

Ford Mallet, Norman White and Lester Miller sang, and then concluded the program. Subject for the next meeting is "Natural Resources of Canada," when Hazel Miller, Agnes Rubbelke, Raymond Clemmons and Art Hoerle will speak. The members of the Local have been invited to be guests of the Arrowwood Gleichen Junior local at Swastika school on May 6.

Farewell Gathering in Honor of Miss Verna Ingraham

Miss Verna Ingraham was the guest of honor at the home of Mrs. J. Mackie Saturday evening last when a number of girls met to express their regrets at her departure and to extend the best wishes to Verna in her future anticipations.

A delicious supper was served at 6.30 after which Miss Ingraham was presented with a shower of handkerchiefs, which were given as tokens of esteem by which she has been held. An enjoyable evening was spent by the making of cushions.

Having lived in town for a number of years, and always eager to assist in any community activities, a vacant place will be left which will be very difficult to fill. Verna has been an ardent church worker and in best of wishes are extended to her with the hopes that her work as a nurse will be both enjoyable and successful.

Will Shoulder Burden

Canadians Paying Heavy Taxes But Will Not Tolerate Extravagance

Jack Canuck for years has marvelled at the equanimity of John Bull in crises, and particularly his sangfroid in accepting heavy national taxes. The old gentleman has invariably shrugged his shoulders, smitten, lightened his belt and turned to the work in hand, lacking the most immediate problem with a non-chalance that was amazing to others. Now Jack Canuck is getting a taste to the tax way of what John Bull has become common. In other words Canadians have come to realize that those who are earning the spending must be prepared to pay more into the coffers of the country to improve its financial position.

The Rhodes budget is heavy. It hurts. But when one is hurt he is apt to take a deeper interest in the reason for that condition. Hence Canadians will in the future save governmental expenditures with a keener eye. They are willing to pay, willing to meet their just obligations, and will shoulder tax burdens like John Bull for the national good, but they will not tolerate extravagance or political wheedling where public funds are directly or indirectly involved. —Kitchener Record.

Cattle Shipments Active

Fair Demand in Britain For Choice Canadian Cattle

There's a fair quantity these days of what is regarded as a "roast beef of Old England" being served to the British people by their own country but which a short time before were prime young British bulls. The shipments of live cattle from the Dominion to the British market are particularly active this year. From January 1 to May 31, 1932, a total of 7,863 head were exported from Canada to British ports, an increase of 7,454 compared with the corresponding period of 1931. With the opening of navigation on the St. Lawrence it is expected there will be heavy shipments of cattle to Great Britain and other foreign markets. It is said that large orders already received from buyers in Britain.

Opinion Of Dirigible Expert

Eckener Thinks Break Was Cause Of Akron Disaster

Dr. Hugo Eckener, dirigible expert, discarded the theory that a storm and caused the Akron tragedy, and said in his opinion, from reading the reports of the inquiry, the crash was caused by a break of the big ship in the airplane carrier room. Dr. Eckener said he always had considered the room, in which fighting planes were stored, a weak point in the Akron's framework. His comment came following New York reports, stating that the Akron had broken ribs in the huge dirigible.

Unbreakable Milk Bottle

Has Been Developed In Pittsburgh From Wax-Like Material

An unbreakable milk bottle has been developed in Pittsburgh. The bottle is first molded in one piece from cellulose to the shape of the standard half pint, pint, and quart glass bottles. It is then pressed into shape with a research camera, "opax," a tasteless and odorless wax-like material. The bottle will not suffer under constant exposure to water or lactic acid, it is said, and will pass through present types of filling and capping machines.

Secret Rediscovered

Dr. Ferruccio Zander, of Trieste, Italy, claims to have discovered the process used by early violin makers who were able to produce the desired and sweetening effect of stringed instruments. He says that the secret obtained from plants that grow only in Persia furnished the base of the secret varnish used by Italy's classic violin makers.

Delayed Taking Out Patent

Inventor Of Moving Picture Camera Lost Millions and Died Penniless

A recent report from the Surgeon General of the United States, the inventor, of the motion picture projection machine, died penniless. The millions of dollars that were rightfully his but he lost them because he neglected to patent his invention soon enough.

An interesting feature is that Le Roy's last few years were spent in poverty. Paralyzed, he subsisted largely on the bounty of friends. All he had at his death was "reputations" but he doesn't pay doctors or food bills. And slender sustenance came to him only late in life.

In an age when the origin of the motion picture camera remained shrouded in mystery. There were many claimants. An impartial investigation finally allotted the honor of the father of the motion picture industry to Le Roy. But it was not until two and one-half years after he had perfected the first machine that Le Roy got the idea he ought to patent his invention. Then, he found he had been six months too late.

Le Roy's experience is not novel in the history of invention. He lived in an age when the commercial idea was not so prevalent as now. He gave his first public exhibition of moving pictures in 1894. His statement by which he never patented his machine expressed, perhaps, better than ever before, how so many inventors lived to see others reap the enormous profits of the genius. Said Le Roy: "I didn't patent my invention because I didn't realize what I had. That is the real truth. It was unfortunate for me that my knowledge of patents and patent law was exceedingly meager. Like the average inventor, I centered my interest in the invention itself, to the absolute exclusion of everything else."—From Zitz's New York.

Wheat Stocks Increase

International Institute Of Agriculture At Home Forecasts Increase

The International Institute of Agriculture predicts in its semi-annual report that wheat stocks will experience "a further and very appreciable increase" during the present season. On August 1, 1932, exportable stocks were 565,000,000 bushels, says the institute in forecasting that they will have risen to 650,000,000 by August 1 of this year.

"The burden of these stocks may be readily grasped from the fact that their total appreciably exceeds world import requirements for the whole season," the survey states.

"It can only be hoped that in a short time the general world economic situation will improve and international commerce recover its normal course so that the very heavy burden of stocks that depresses so severely the world wheat market may be reduced to normal dimensions."

Mystifying Magic

New York Audience Sees Strange Things At Benefit Show

An audience in a New York theatre applauded the other night as a woman "burned to death" before their eyes. They asked questions of a grisly and macabre kind. The woman's body was reduced to a pile of ashes. The audience was told that the woman was a victim of a fire.

These strange events took place during the annual benefit show of the Society of American Magicians.

The audience was told that the woman was a victim of a fire. The audience was told that the woman was a victim of a fire.

Large Landward Movement

Many Families Have Been Placed On The Land Through Colonization Work

Between October 1, 1930, and January 31, 1932, the Canadian Government Department of Immigration and Colonization, the Canadian National Railways, and the Canadian Pacific Railway, working together, have been instrumental in placing upon farms in Canada a total of 10,753 families. These were families already resident in Canada. On the basis of the census of 1921, the honest truth, the family this means 35,665 persons. This family settlement was confined to those who had sufficient capital to establish themselves on the land.

In the same period 23,253 single men were placed in farm employment. Adding these to the families, the impressive total of 76,918 persons actually placed on the land is reached. Simultaneously with this movement land settlement activities were being carried on by the Provincial Governments. In one year—1931—the Government of the Province of Quebec placed 5,694 families in farm settlement, and in the three years 1930, 1931, and 1932, the Government of Alberta granted 19,223 homesteads to residents of that province. Similar activities were carried on in other provinces. In addition, there was a large landward movement entirely on the initiative of the individual settlers themselves.

U.S. Taxes Heavy Too

Comparative Figures Given By San Francisco Paper Are Startling

Tax money for 1932 could pay, at the \$15-a-week rate paid by relief agencies, no fewer than 17,948,711 men a whole year.

The combined annual cost of our Army, Navy and Air Force equals that of three weeks' tax impositions for 1932.

The tax burden averages \$500 for each family in the land.

And the paper circulation in circulation throughout the country were added to all the gold, we would still owe the tax collectors as much more as a thousand dollars to each of six million farmers.

This year's taxes could pay off every farm mortgage in the land, with enough left over to donate all the thousands of dollars to each of six million farmers.

The total salaries and wages being paid this year by two hundred thousand manufacturing establishments to some eight million executives and employees will not match the U.S. tax claims.

Thirty-six Panama canals could be built with one year's tax receipts.

Holding "Enjoyment Week"

Lord Mayor Of London Sponsors Seven Day Festival

Under the auspices of the Lord Mayor, London is holding an "Enjoyment Week," starting May 27 and concluding like the proposed extension in Gilbert "Mikado," with "general rejoicings and a grand display of fireworks" on June 3, the King's birthday.

"A week of festival," says the Lord Mayor, "will undoubtedly have the effect of getting the people to take the brighter view of the situation. The situation is by no means as bad as is supposed in some quarters, either," he adds his lordship.

Hardly surprising to this aspiration though the desire to further popularize London as a tourist centre. It is hoped the program will include a pageant procession and a gala demonstration.

Reindeer Lake

The boundary between Manitoba and Saskatchewan passes through Reindeer Lake, the larger part being in the latter province. This lake is about 10 miles long with a maximum width of about 35 miles. Its greatest depth is approximately 80 feet and its water is very clear. It is dotted with many islands, practically all of which are covered with green timber. The shores are mostly rocky and abrupt, but some sandy beaches occur.

The southern end of the lake is shown on the Reindeer Lake Occult map recently issued by the Topographical Survey, Department of the Interior.

Police Discarding Horses

Automobiles and Other Conveyances Replacing Horses Of Scarcity

The famous Royal Canadian Mounted Police have become mechanized and modernized to a large extent within the past few years. The horse, so closely associated with the mounted force, is being replaced by machines.

With the added duties of customs preventive work and the fact that six provinces have scrapped their provincial police departments in favour of protection by the R.C.M.P., this force now has 2,000 officers and men. Their equipment is made up of 399 automobiles, 27 motorcycles, 13 trucks, 101 boats, both manning and for use in inland waters, 445 sled dogs, and only 256 horses. The dogs are still much in demand for work in the far northern sections of Canada although aeroplane are rapidly coming into use to make in a few hours journeys that take dogs days and weeks.

Familiarity But No Contempt

It was our privilege to attend a program put on by a small town orchestra and we are very pleased to say that it was one of the best productions that we have heard for many a day. It is extremely unfortunate that there is a feeling that the fellow with whom we work or do business is incapable of creating an artistic product. The faraway hills are the green-

est in more sense than one. But simply because a fellow comes from the next town or from the city is no guarantee that he can play any better than the girls next door.

In the very first place it is no little task to get a dozen instruments and players together and keep them together long enough to teach them to become a unit. And there is much effort expended on the part of the players in private practise and attendance at rehearsals. When one considers that they have been together for almost two years there means some real work and sacrifice back of it.

And we are glad to report that it was not unappreciated. The hall was packed by local citizens who were generous with applause and in one particular number would not let up until the number was repeated. Other selections formed the centre of the program but our attention was drawn more particularly to the instrumental ensembles. While the greater number were simple modern melodies with pronounced rhythms yet interspersed were a few classical numbers. And for sheer artistry one classic in particular was in our judgement the best on the whole program.

And what can be done in one place can be done in another. The patronizing of local talent should always be encouraged. But this need not be an inferior production. Here we found local talent at its best. And in any community patience and training will bring the same results.

Let 'er Buck

When the trail is dark an' dreary,
And the sunshine has lost its glow,
An' yore worn and saddle-weary,
An' have seemed 't lose yore hold,
Don't give up an' think yore beaten;

Just get in an' make things hum!
An' "tough luck" will be retreatin'
In the better days 't come!
Don't set down an' mourn yore losses,

Weepin' over dead days gone;
Don't rare up, jest hold yore horses—

Set yore jaw and travel on!
Don't be sighin' an' despairin'
Er lamentin' yore "hard luck",
Jest pretend that you ain't carin'—

Keep yore seat, an' let 'er buck!
In this o' world's bitter battle,
If you've lost out in th' fight,
Grab th' disc-box—let 'er rattle.

An' you'll win, if you play right!
Gold an' fame ain't all that's countin';

After all, they ain't so much;
Faith is what'll move a mountain—
Faith is good an' love, an' such!

Let o' "Tough Luck!" rare and buck-jump,

Kick an' snort, an' paw th' dust
Jest you stick right on his spine—
hump

'Til he's done his wicked worst!
Let 'im rip an' tear an' beller—
Act as mean as mortal sin,
When th' dust has cleared, young fellow—

O! "Tough Luck!" will be "all in!"

So if life seems full o' sorrow,
An' hardly worth th' while,
Jest push on, and meet 't'morrow
With a fearless trustin' smile!

Life's got heaps o' good 't give you—
Jest keep stickin', nip or tuck;
Know that luck'll soon be with you;
Set yore saddle—Let 'Er Buck!

Base Ball

We are for a ball team for Arrowwood, and believe there is plenty of local talent to warrant the business men to see that we put a club in the field with new suits this spring and we go on record right now and promise to do our part that it may be accomplished. If there is one sport that makes the red corpses tingle THAT SPORT IS BASEBALL.

At a nominal price our NEW RED DISTILLATE is finding new customers every day. If you want a refined fuel that will not injure your motor, we can recommend this to all users of internal combustion engines. Of course if you want a Turner Valley product we can and will supply it for you.

With the wet weather continuing, some of you may be rushed to get your crop in on time and we have some second hand tractors that are ready to go and we'll either sell or rent them to you at a reasonable price.

REMEMBER that we haul anything, anywhere, anytime.

"My dear," called a wife to her husband in the next room "what are you opening that can with?"

"Why," he said, "with a can opener. What did you think I was doing it with?"

"Well, replied his wife, "I thought from your remarks that you were opening it with prayer."
